

Professional Bio

Currently I am a Senior Technical Trainer with Motorola Solutions where I teach the license plate reader system to Law Enforcement Agencies around the country .

With over 20 years of experience in law enforcement, I bring a comprehensive background in security operations, anti-terrorism, training, investigations, and leadership. My career with the Lake County Sheriff's Department has been marked by progressive responsibilities, from patrol officer to K-9 supervisor and detective sergeant in the Metro Homicide Taskforce. I led operations at the Real Time Operations Center, where I oversaw technology integration and training for advanced surveillance systems.

As an Explosive Ordnance Disposal Specialist with the Porter County EOD Team, I handled high-stakes scenarios involving explosive devices. I also served on the Crisis Negotiation Team, where my communication and problem-solving skills were critical in resolving tense situations.

My role in the Training Division demonstrated my commitment to mentorship and education. As a Senior Instructor, I not only organized and led training programs but also certified new instructors. I've worked closely with the Indiana Law Enforcement Academy, ensuring compliance with state training standards. I completed my Taser Instructor certification and did annual training to keep the department compliant with Taser. I completed the standard field sobriety instructor course and instructed in this field. I completed the active shooter instructor course through the State of Indiana and instructed officers in active shooter.

Throughout my career, I've developed a reputation for investigative rigor, situational composure, and operational excellence, earning commendations and honors such as induction into Alpha Phi Sigma and Pi Alpha Alpha honor societies.
