

## **Daniel E. Loesch – Law Enforcement & Public Safety Educator**

Daniel E. Loesch is an accomplished law enforcement professional and educator with extensive experience in public safety, policing, and criminal justice instruction. With over 14 years of service as a dedicated police officer and a current role as a law enforcement educator, he brings practical experience and in-depth knowledge to his students, shaping the next generation of public safety professionals.

### **Professional Experience**

Currently, Mr. Loesch serves as a Teacher of Law Enforcement & Public Safety at Cape May County Technical High School. His curriculum provides students with a comprehensive understanding of law enforcement, the legal system, corrections, homeland security, fire science, and more. His approach helps students grasp the entire criminal justice process, from crime commission to correctional administration, emphasizing real-world applications and career readiness.

Prior to his teaching career, Mr. Loesch was a Police Officer with the Philadelphia Police Department (2008-2022). Over the course of his career, he gained expertise in community policing, emergency response, criminal investigations, and narcotics enforcement. He played a key role in organizing crime prevention strategies, managing community relations, and overseeing dignitary protection during high-profile events, including the 2015 Papal Visit, the 2016 Democratic National Convention, and the 2017 NFL Draft. His tenure in law enforcement also included leadership in crisis intervention, training development, and operational planning.

### **Education & Certifications**

Mr. Loesch is actively advancing his education through the New Jersey Career and Technical Education Alternate Route Program at Brookdale College, a specialized training program for professionals transitioning into teaching. He has also pursued a Bachelor of Science in Criminal Justice – Homeland Security at Rosemont College, gaining a deeper understanding of criminal justice theories, homeland security, and emergency management.

His extensive training includes:
